職務内容 Duties

Operates various types of forklift trucks/material handling equipment (MHE) and vehicles to move, load or unload, transfer, transport, and stack or unstack palletized goods, boxes, and crates of merchandise, materials and heavy supplies from one location to another, such as to and from warehouses, motor vehicles/trucks, piers, shipside, or railroad car siding in and out of doors. Performs operator's maintenance and minor emergency repairs of the equipment. Fills in equipment operational record and mishap report as required. Is responsible for the proper stacking, storing, moving, loading, or unloading in accordance with instructions and best method of handling; avoiding overloading and excessive high stacking. (40%)

Performs work involved in protective and preserving packing of material against chemical, mechanical and/or physical damages for storage and shipment by air, water, rail and truck. Compares line items received against accompanying shipping documents for correct stock number, nomenclature and quantity. Selects proper container such as cardboard, cartons, wooden boxes or open crating. Wraps and places items in container using such cushioning materials as shredded paper, waste cotton, felt, rubberized horse hair, etc. Uses braces to secure items and straps packed containers. Performs work involved in packing of heavy machinery and/or precision machinery requiring special and effective protective measures. Selects, assembles and installs prefabricated shooks, interior fixtures and padding to support and cushion items. Work is performed in accordance with prescribed technical methods, specifications, international/domestic transportation laws/regulations, safety and environmental laws/regulations, etc. (40%)

Performs duties involved in physical material receipt, stow, care of material, issue, and delivery/shipping of material. Periodically examines stocks in the storage for necessary technical compliance. Makes physical count of material or stocks for proper distribution and material inventory accuracy. Reports any inventory discrepancies to supervisors to initiate corrective actions. Inputs data for material processes using fixed remote terminals and radio frequency equipment of automated material processing/distribution systems. (15%)

Performs other related and incidental duties as assigned. (5%)
